

Topic: **Reservoir Committee Agenda Item 2-3** **2020 April 17**

Subject: **Plan and Schedule for Organizational Assessment Findings and Strategic Planning Preparations**

Requested Action:

Recommend that the following actions by the Authority Board relative to the approved Organization Assessment (OA) Report as follows: a) accept the plan and schedule for addressing the report findings and recommendations, b) concur with the scope, schedule and budget for strategic planning facilitation services, and c) approve release of a Request for Proposals for strategic planning facilitation services.

Detailed Description/Background:

The approved OA Report includes findings and recommendations aimed at improving the overall effectiveness of the organization. The Authority Board directed Staff to provide a plan and schedule for addressing the report findings. Staff recommends the plan and schedule shown in the attached matrix to address the findings of the OA Report. Along with making these initial determinations, staff is recommending quarterly progress updates to the Reservoir Committee (RC) and Authority Board (AB) until all items are sufficiently addressed.

The Board previously determined that several items in the OA required a facilitated strategic planning exercise involving the RC and AB members and staff. Staff is proposing a scope of work for this effort providing general direction to address issues of teamwork, trust and communication along with revisiting the organization's mission, values and goals. Staff is seeking input to ensure the members expectations for this effort are met. As part of the scope, the facilitator will work with members and staff in developing the final agenda for a strategic planning session expected to be conducted in June 2020. This session needs to be an in-person meeting, so timing is dependent on the shelter in place orders being lifted.

Procuring the services of the best qualified facilitations services provider needs to be initiated. Staff recommends issuing an RFP to a short list of consultants (see attached) known to meet minimum qualifications. Having a short list does not preclude other proposals, however any proposer would have to demonstrate minimum qualifications compliance. The RFP will be publicly advertised on the website. Alternatives to this recommendation include going through the entire RFQ/RFP process or contracting with an existing service provider for these additional services. Neither of these alternatives are as efficient, are equally open and transparent, and would not deliver a better outcome for the project as compared to the proposed approach. The selection committee will consist of the Executive Director and the Chairs of the RC and AB and two Budget and Finance Workgroup members.

Prior Action:

December 20, 2019: Approved Darling H2O to expand the scope of work to support the recruitment of a facilitator for Strategic Planning.

November 21, 2019: Darling H2O Consulting, Inc. presented the draft Organizational Assessment.

August 26, 2019: Approved a budget reallocation for the organizational assessment and execution of a sole-source professional services agreement with Darling H2O to perform an organizational assessment.

July 22, 2019: Discussed working on an organizational assessment plan to evaluate the structure of the Sites Project's program management team, Reservoir Committee and the Authority.

Fiscal Impact/Funding Source:

None.

1.1	F	Prepare an analysis of the major regulatory decisions being made regarding flow in the Sacramento River and Delta and determine flow-related permitting strategy with identification of risks.	Permitting strategy memo was prepared by ICF in May 2019 and updated through CDFW meetings in fall/winter 2019. A revised version that will include updates with recent relevant changes is in progress.	Staff will review prior related materials and prepare the analysis identified.	High	August 2020	Ali Forsythe	
1.2	E	Prepare an analysis of the major comments received on the draft EIR/S. Identify approach to addressing those comments and working with specific commenters.	<ul style="list-style-type: none"> March 29, 2019 – Jacobs provided a memo that included Draft EIR/EIS Comments Matrix, Master Response Topics, Key Comment Letter Summaries, and draft Initial Responses. April 12, 2019 – Strategy meetings were initiated with ICF, Reclamation and Authority to address overall approach as well as specific topics. Based on these strategy sessions, an outline for the Final EIR/EIS was prepared and an approach for responding to comments, including master responses to comments was identified and forwarded to both CEQA (Authority) and NEPA (Reclamation) legal counsel. June 5, 2019 – ICF provided master response annotated outlines and commenced preparing responses. In addition, the Authority EPP began meeting with key commenters, (e.g., CDFW, NRDC, Humboldt County, etc.) to clarify issues of concern. 	<ul style="list-style-type: none"> The work that has been completed to date in responding to comments will be utilized in either the completion of a Final EIR/EIS or in preparing a Recirculated Draft EIR/EIS. Assuming recirculation of the Draft EIR/EIS is the preferred approach for moving forward based on the status of the Value Planning effort, ICF is in the process of preparing a strategy/work plan to be completed in May 2020. The Authority EPP will also continue outreach to Draft EIR/EIS commenters and Agencies as efforts move forward. 1.7	C	Prepare an analysis of the pros and cons along with a staff recommendation to present to the governance bodies on whether to spend additional time and money pursuing WIIN Act funding.	Extensive coordination with Reclamation has been conducted to date and Reclamation anticipates providing its final review process of their Feasibility Report in April. Staff has also developed a strategy on how to bring the Federal Feasibility Report in line with the Value Planning effort by next summer (2021).	Staff will prepare the analysis requested and elevate for decision-making to the Reservoir Committee and Board.	High	June 2020	Kevin Spesert	
1.8	--	Determine if there is a viable strategy to phasing, which could allow for additional project partners.	The Value Planning exercise has formulated potential projects around meeting the needs of current participants with the opportunity to expand in the future. The Value Planning effort has taken a close look at project facility needs and costs and has re-evaluate all of the previously identified facilities.	Complete the Value Planning Report and adopt a new Preferred Alternative.	High	April 2020	Lee Fredrickson	
5.1	B	Once a schedule is developed, then make certain to include all anticipated Board decisions that are critical path to project development.	The work plan through December 2021 includes a detailed schedule that is nearing complete and will serve as the basis for adding in key board decision dates.	A detailed project schedule that includes identification of critical path actions and focuses on activities thru the end of 2021 is under development.	High	August 2020	Jim Watson	
5.2	Board / Res Comm	Once a new schedule is agreed to, governance members need to dedicate enough time to keep up with the agreed upon pace of this project.		This will be addressed in the strategic planning exercise.				
5.3	Executive Director	Get materials to governance members at least a week in advance that clearly identifies decisions to be made, any analysis being made in support of the authority staff recommended decisions, and other options that were considered.
